### **Day 1 (Cairns | Mungumby Lodge | 305kms)**

Driving north from Cairns via Mareeba takes you past Kuranda out into the dry country with expansive views of the Cairns Hinterland. Driving via the coast past Trinity, Palm Cove, Elise Beach and Port Douglas & Mossman offers stunning views of the coast and Coral Sea. Both of these routes eventually travel up hill (West) into the hinterland either at Smithfield or Mossman, then the Mulligan Highway. Mt Carbine, a small mining village where they mine a steel hardener called Wolfram. From here the country opens out to the true Aussie outback. The roads are straight and offer expansive views of the surrounding region.

A quick stop at the Palmer River roadhouse not only offers cool beverages and hot food, memorabilia and information on Maytown and Palmer River gold rush of the 1870's. The road is undulating across the Mitchel watershed until the Byerstown Range where it drops down into the Lakeland volcanic basin. Driving into Lakeland there are public toilets, a road house, general store and the pub. Lakeland has benefited from the sealing of the roads as it now boasts one of the country's most sophisticated Banana production. At the general store located behind the pub on the left (traveling north), they offer excellent locally grown Laura coffee, which is roasted on site.

From Lakeland along the Mulligan Highway, it is only 35 minutes until you reach the cool of the rainforest. Travelling at this point it is recommended you watch as there are loads of Wallabies (morning and evening) roaming cattle and prolific bird life. This is due to the large tracks of water that travel through this part of the country in the wet, so at certain times of the year the birds are everywhere. To see these however you will need to slow down open the windows and keep your eyes peeled. There is a large Billabong on the right between West Normanby River and White horse creek, you can see this area from the road. A stop here enables a view over the Billabong to hundreds and at times thousands of birds. Often there are also large numbers of Agile Wallaby and Jabiru Black Stalks lurking in the distance.

At the Little Annan River causeway crossing you will see a sign for Mungumby Lodge. The next turn right is for Shiptons Flat Road, where there will be directional signs to Rossville, Bloomfield the Lion's Den and Mungumby Lodge. Turn right into Shiptons Flat Road (sealed) drive until Sandy Creek and onward. At Sandy Creek you will be able to see ahead a large sign with flags and the Mungumby Road turn off. Turn left into Mungumby Road. Mungumby road is 4kms of unsealed road and the lodge is at the very end.

Here the land is frequently parched dry; the Eucalyptus trees become common; intermingled with termite mounds and sandstone escarpments into the Quinkan country.

Driving via Lakeland, here you turn right onto the Peninsular Development Road, which takes you to the top of Australia. This newly sealed road is a treat to drive as it is very new, void of any traffic and offers views across open country. Watch for road trains.
